

Daily Essential Nutrients provides the solid nutritional foundation your brain and body need to perform optimally. It is backed by more independent mental health research than any other vitamin-mineral formulation. Count on it to deliver results beyond anything seen with other products for these key reasons:*

- ▶ **Completeness.** Every biological process requires *multiple* essential nutrients. **Daily Essential Nutrients** delivers *every* essential vitamin and mineral you need to fortify your body against serious problems like chronic stress, anxiety, depression, and brain cell degeneration.*
- ▶ **Form.** **Daily Essential Nutrients** is powered by our proprietary *NutraTek™* mineral delivery technology, which combines each mineral with organic molecules—just like nature. This optimizes mineral absorption and enables vital nutrients to efficiently cross the blood-brain barrier, enhancing neuron structure and function.*
- ▶ **Balance.** The level of each ingredient is calculated to maintain the natural ratios of nutrients in your body that promote optimal cognitive function, mental clarity, focus, and mood stability.*

Suggested Use: To achieve researched benefits, consistently take 4 capsules 3 times daily, or take as recommended by your health professional.* If desired, start with 1 capsule 3 times daily and increase gradually. Take with food. Store in a cool, dry place. Do not use if tamper-evident seal is broken or missing.

Note: Children and individuals taking prescription medication(s) should be monitored by a physician while taking **Daily Essential Nutrients**. In most cases, psychoactive drugs will need to be gradually reduced and eventually discontinued during **Daily Essential Nutrients** therapy to minimize over-medication effects.* As with any supplement, if you have a medical condition, consult your doctor before use. For physician product information, call 1-855-955-1114.

†**Allergen Disclaimer:** Kelp is a natural marine algae, and it is possible for trace quantities of very small fish and/or shellfish to be included in the harvesting and processing of these products.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
